

Name: AJ P. Perez

Year & Section: BEED3-02

School Assigned: Margus Central Elementary School

Date of Deployment: March 8 to 10,2023

Cooperating Teacher: Mr. JunJun Tadlongan

Grade and Section: Grade 6 Einstein

I learned to go to school on time to prepare things that is need before the class will start and I also learned how teachers teach students properly from the beginning up to the last subject. I learned how to get along with the kids in the classroom even when their teacher wasn't there. I also learned the do's and don'ts when you are a professional teacher. We should avoid doing things that are unpleasant in the eyes of children because they can imitate you as a teacher. You should also wear a complete uniform to be formal ,avoid being late and also minimize giving excuses. One experience that I will never forget was to help my cooperating teachers in managing the classroom. It was the first time that I felt like I am already a professional teacher like them. They are one of a kind teachers that they will encourage me to do better because they believe in my ability that I've show inside the classroom during observation. I am thankful with my cooperating teachers in showing me that when you're in a field of teaching everything was not easy but, when I see how dedicated they are in doing their professions I look at myself and tell that If they can do it, I can do it also.
