Education Department

FIELD STUDY 6
Deployment Narrative Report

Name: Abalos, Trisha Mae S.
Year & Section: UP-FC1-BEEED3-1
School Assigned: Caranglaan Elementary School
Date of Deployment: Feb. 27 - Mar. 1, 2023
Cooperating Teacher: Vilma C. Caguioa
Grades & Sections observed: Kindergarten

Guide Questions:

1. What are the relevant experiences you gained during the 3-day observation period in your respective cooperating schools?

My 3-day observation instills a lot of lessons that I can keep as I continue my journey as a future educator. My experience at Caranglaan Elementary School made me realize that the teaching profession is not an easy call. Originally, I am supposed to observe in 6th grade but unfortunately, my supposedly Cooperating Teacher was not feeling well so they've decided to give me the kindergarten class. And yes, I must say it was a very challenging experience because your mission is to shape their characters and manners as they go outside the classroom. It taught me that patience is the key to helping your pupils to learn and gained enough knowledge. You must be flexible and dependable because they see you as someone who can solve any problem at any time. In order to keep your pupils engage, you must build a great rapport with them. Especially if you are teaching lower years. They go to school with nothing but curiosity, and your task is to tap that curiosity and use it to let them learn deeper.

2. Comment on your observations about the assessment tools, classroom management, teachers' actuations/behavior/demeanor; relationship with fellow teachers, higher authorities, other school personnel; relationship with the students, their methodologies, strategies, relationship with the students' parents (if applicable);

À propos the stipulations under the following legal documents:

- A.) Code of Ethics for Professional Teachers (BPT Resolution No. 435 s. 1998)
- B.) Magna Carta for Public School Teachers (RA 4670)
- C.) Philippine Professional Standards for Teachers (DepEd Order 42 s. 2017)

My cooperating teacher embodies the great qualities of a professional teacher.

- *Article III, Section 4: The Teacher and the Profession* states their enthusiasm and pride in teaching. My CT shows an eagerness to teach her pupils every day, especially since she's in charge of kindergarten pupils.

Deployment Narrative Report

- My CT also managed to build relationships with the learners that become a great foundation inside the classroom where she gains their trust and respect and shows no signs of any favoritism with her pupils which shows in *Article VIII, Section 2: The Teacher and the Learners*.
- My CT is also flexible with their needs and proposes a better solution to help them become independent. She also expresses her assistance and motivates them to learn which shows in *Article VIII, Section 9: The Teacher and the Learners*.
- *Section 13 of Republic Act No. 4670 of the Magna Carta for Public School Teachers* states the teaching hours a teacher should have. My CT renders her everyday duty for 7 hours and consumes her remaining time in cleaning the classroom.
- My CT shows mastery of her lessons and contents. Since she is teaching pupils ranging from 5 to 6 years old, it is very challenging, but she managed to teach them with effectivity which shows in the *Philippine Professional Standards for Teachers; Domain 1: Content Pedagogy and Knowledge*.
- My CT also considered the diversity inside the classroom. We have a pupil name Pati who is a Muslim. She acknowledged and respects Pati's religion and also she explains to her other pupils openly about it to teach them the importance of respecting each other's differences, which shows in *Philippine Professional Standards for Teachers; Domain 3: Diversity of Learners*.
- My CT always conduct a simple assessment to measure their learning at the beginning, during, and at end of the lesson. It may be games or read aloud strategy that shows in *Philippine Professional Standards for Teachers; Domain 5: Assessment and Reporting*.

Those are the observation that taught me that teaching is the noblest profession of all. It is the Mother of all other courses.
