Date of Deployment: February 27, 2023 to March 1, 2023

Cooperating Teacher: Leslie Q. Centino

Grades & Sections observed: Grade 1 – Sapphire

February 27, 2023 first day of deployment at West central elementary school 1, I was assigned to Grade 1 Sapphire with madam Leslie Centino that day is Monday of course Monday is cleaning day when i enter in the classroom the teacher was cleaning and her other students, the teacher instructed me to look for instructional materials in her storage box to use as an example of what they will discuss of that day. In the afternoon she asks me if i able to do a semi lesson plan in the subject of Mother Tongue, so I answered yes Ma'am. The teacher is very patient because her students are very talkative, some students are standing, running and so on of course what do you expect? Grade 1 Student. February 28, 2023 second day same cooperative teacher, this time I observe the teaching skills of the teacher, she uses TV, flash cards. She teaches her students to read, she holds flash cards before reading they must first mention the letters on the flash cards one by one. The teacher is able to handle her students she admitted to me that some that of her students are good at academics and others are good at skills that afternoon she I was instructed to encode a total of item analysis in the whole section of grade 1 in her laptop. March 1, 2023 last day of deployment, I made a semi lesson plan, I made a draft and I had it checked by the cooperative teacher, of course there was a change or revise in what I was doing, I admit that it is difficult to make a semi lesson plan because Mother tongue, I have other words that I don't understand, but it's good that my cooperative teacher taught me, I come to witness how teacher interact with the students, parents as they come to the classroom and always shows respect towards everyone.
