## PROJECTS

- **STICKY GO**                                              2022

NEW VENTURE PROJECT | SEPT - OCT 2022
Laravel | Vue JS | Tailwind

StickyGo is a local printing business being developed as a regional business. They will be involved in all facets of print-on-demand including; local design printing, illustration, and anything on art prints, and stickers. Filipino illustrators have the potential to help achieve business goals because they are the target market.

- **RED BAND**                                              2022

Capstone Project | APR 2022
Paint Tool Sai 2 | Adobe Character | Adobe Premiere Pro

The story being animated is entitled "Red band". The idea of the story was taken from the original story "Wristbands". The story wristband is a ghost story from Korea about a doctor who had a close encounter with a ghost while working the night shift at the hospital.

- **PORTRAIT DRAWING**                                      2021

ITE 301 Project | OCT 2021
Android | Java | Adobe XD | Android Studio

Portrait Drawing is an application that provides drawing tutorials, focusing on portraits. It is designed to help future artists practice and enhance portrait drawing skills. By enhancement, this application will let the users learn from basic portrait drawings to realistic portrait drawings.
